## A QUICK GLANCE PAYS OFF

*Scratch-Offs Players Received More Than \$109.6 Million in Prizes in May*

**TRENTON (July 18, 2019)** – Andrew Diaz of Seaside Height in Ocean County is a regular lottery player of Scratch-Offs tickets. He buys a couple of Scratch-offs every few weeks but only wins small prizes. While visiting his regular lottery retailer, he glanced at the \$90,000,000 Platinum Payout Scratch-Offs tickets and decided to purchase two of them and left the store. Sitting in his vehicle in the parking lot, Andrew started scratching off his tickets. He didn't win anything on his first ticket, but had to do a double-take while scratching off the second one. Andrew said his heart started racing as he realized this ticket was a big winner! He was ecstatic, but he maintained his composure so as to not make a scene publicly. This was his very first big win! He had just won \$2,000,000.

Andrew signed the back of his ticket and drove immediately home to put it in a safe place. He then proceeded to call his brother and tell him the fantastic news, but at first, his brother didn't believe it.

When Andrew was finally able to convince him with a look at the actual winning ticket, the brothers made their way to New Jersey Lottery headquarters to validate his claim. While at Lottery headquarters, Andrew stated that the reality of his win still hadn't set in. "This is a life-changer," he said. "Besides my children being born, this is the second-best feeling ever."

Andrew plans on investing some of his winnings and saving some for his children. He also is thinking about moving to a new house or getting a new car. The winning ticket was sold at Wawa #931, 220 Route 9, Bayville in Ocean County.

New Jersey Lottery players claimed more than \$109.6 million in prizes playing Scratch-Off games in May. Below is a listing of the top prizes over \$10,000 won for the month.
